Upcoming Staff Workshop:

Helping & Supporting International Students' Cultural Adjustment to UC Berkeley

Co-presented with Christine Zhou from Counseling & Psychological Services

Thursday, November 14, 9-10:30, I House

This workshop will introduce student development models to frame a conversation on cultural adjustment and intercultural competency. Advisors will gain a deeper understanding of the international student experience through a panel that features students at various stages of their journey. Through small group work and activities, advisors will develop techniques that encourage students to reflect on and consider their personal adjustment and how it impacts their academic, social and personal lives. Please RSVP at:
