Health Insurance Q&A

What is health insurance?

Health insurance is a plan that you purchase. If you get sick, the plan will pay for all or part of your medical bills.

All Cal students **must** have health insurance. All students are automatically enrolled in the Berkeley **Student Health Insurance Plan (SHIP)**. Students can waive the plan if they already have insurance that meets UC Berkeley's criteria.

SHIP uses these health insurance companies:

- **Wellfleet Insurance / Blue Shield**– medical, pharmacy and mental health
- **VSP** – eye health
- **MetLife** – dental health

You will receive these cards in the mail or you can print them online.

I feel sick. How can I get help?

How urgent is the problem?

It's extremely urgent.

EMERGENCY

For immediate help with life or death situations

Call 911 or go to the nearest hospital emergency room.

It's urgent.

URGENT CARE / DROP-IN CLINIC

For same-day help with colds, flus, bones, nausea, etc.

Go to Tang Center Urgent Care for a drop-in appointment.

It's not urgent.

PRIMARY CARE

For check ups, long-term issues, physical therapy, counseling, etc.

Make an appointment with a Tang Center doctor.

Don't Lose Money!

For non-emergencies, go to the Tang Center first.

If doctors think you need further treatment from a **specialist** outside of the Tang Center, they will give you an **authorization** or **referral** to that specialist.

Can you just go directly to a specialist without going to the Tang Center first?

Yes, but you will probably have to pay full price. SHIP will probably not cover these visits.

Recognize Imposter Syndrome

- I'm an imposter – a fake.
- I'm not as smart or talented as others think.
- I don't deserve to be here; I just got lucky.
- I need to prove myself to others.
- Everyone will realize I'm weak if I ask for help.

Overcome Imposter Syndrome

- Know that you are not alone.
- Talk to a friend or counselor.
- Be compassionate with yourself.
- Ask yourself: Are my thoughts logical?
Do they have any basis in fact?

You were accepted to this University for a good reason, and you deserve to be here. You do not need to prove to anyone that you are “Cal material.”

Recognize Identity Theft, Phishing & Scams

- Define terms: Identity theft, phishing, scam
- What do identity thieves look for?
 - Personal information and passwords
 - Social security numbers and bank account information
- Phishing emails and texts often...
 - claim to have noticed unusual activity in your bank account or immigration record.
 - ask you to confirm personal information, download software or make a payment.
 - offer money – discounts, refunds, and coupons.
- Scammers and identity thieves often...
 - claim to represent government agencies, banks, credit card companies, insurance agents.
 - make unexpected, urgent demands for information or payment.
 - threaten severe, immediate consequences.

Avoid Scams & Identity Theft

- Keep your computer anti-virus software up to date.
- Do NOT log into sensitive websites via a public Wi-Fi connections. (For example, do not check your bank account at a café or at the library.)
- If someone calls you, do NOT offer or confirm any information about yourself. Try to get the phone number and name of the caller.
- Do NOT send payments in any form – through a wire transfer, through cash or through gift cards.
- Notify banks, Berkeley International Office and police as necessary.

The BIO website has details on several types of scams:
