Health Insurance Q&A
What is Health Insurance?

Health insurance is a plan that you purchase. If you get sick, the plan will pay for all or part of your medical bills.

All Cal students must have health insurance. Most students purchase the Student Health Insurance Plan (SHIP).

SHIP uses these health insurance companies:
- Wellfleet – physical and mental health
- VSP – eye health
- MetLife – dental health

You will receive these cards in the mail or you can print them online.
What If I Don’t Have Health Insurance?

If you get sick, you will have to pay full price for your doctor and hospital visits. These prices are often extremely high.

Find your health insurance benefits and find care that will be covered by SHIP at https://uhs.berkeley.edu/ship.
Where Should I Keep My Health Insurance Card?

Keep it in your wallet!

Don’t Lose Money!

For non-emergencies, go to the Tang Center first.

If doctors think you need further treatment from a specialist outside of the Tang Center, they will give you an authorization or referral to that specialist.

Can you just go directly to a specialist without going to the Tang Center first?

Yes, but you will probably have to pay full price. SHIP will probably not cover these visits.
SHIP Waiver

International students studying in their home country were eligible to apply for a waiver of SHIP insurance if they had national healthcare. Deadline has passed (July 15).

For questions, contact SHIP.
