RE: CIP Code for UC Berkeley Environmental Economics and Policy (B.A/B.S) 3.0103— Environmental Studies

Dear USCIS Adjudicator:

At UC Berkeley, the Environmental Economics and Policy (B.A/B.S ) program is designated and coded with the CIP code 3.0103— Environmental Studies. CIP code determinations are made at the University level (not by the DSO), and have final approval from the University of California Office of the President, after review and approvals by the University Registrar, Office of Planning and Analysis, and (for graduate students) the Graduate Division. CIP code 3.0103— Environmental Studies is found in the STEM eligible CIP code list: <https://www.ice.gov/sites/default/files/documents/Document/2016/stem-list.pdf>

The student's SEVIS record clearly shows the STEM CIP and major coding, as do the student's OPT and STEM I-20s. UC Berkeley has determined that the Environmental Economics and Policy (B.A/B.S ) program best aligns with Environmental Studies, the description of which, according to the U.S. Department of Education (National Center for Education Statistics, 2010 CIP), is as follows: "A program that focuses on environment-related issues using scientific, social scientific, or humanistic approaches or a combination. Includes instruction in the basic principles of ecology and environmental science and related subjects such as policy, politics, law, economics, social aspects, planning, pollution control, natural resources, and the interactions of human beings and nature."

Berkeley International Office understands that there may be some confusion when a CIP code does not directly mirror the major name as stated on the diploma or transcript. USCIS should be aware that it is common for a particular major name to differ from the designated CIP coding for the degree.

If you have any questions, please feel free to contact a DSO at Berkeley International Office at [internationaloffice@berkeley.edu](mailto:internationaloffice@berkeley.edu) or 510-642-2818.
