Schedule an appointment

Appointments are required for most medical services at UHS, although for urgent problems, UHS offers options including nurse advice by phone, day and night for students and SHIP dependents. Counseling and Psychological Services (CAPS)

Counseling and Mental Health

- What is mental health?
- What is a mental health counselor?
- Mental health counselors help us deal with stress, anxiety, depression, grief, shame, guilt and emotional pain.
- At Berkeley, you are not alone!

Common Concerns of International Students

- Missing home
- Travel restrictions
- Pandemic-related uncertainties and changes
- Adjusting to differences in the educational system
- Not being understood when you express yourself in your usual way
- Difficulty making friends
- Conflicts between values at home and in the US
- Dealing with misperceptions about your culture or country
- Concerns about family reactions to choices you make while in the US

Imposter Syndrome

I'm an imposter – a fake.
I'm not as smart or talented as others think.
I don't deserve to be here; I just got lucky.
I need to prove myself to others.
Everyone will realize I'm weak if I ask for help.

Know that you are not alone.
Talk to a friend or counselor.
Be compassionate with yourself.
Ask yourself: Are my thoughts logical? Do they have any basis in fact?

You were accepted to this University for a good reason, and you deserve to be here.
You do not need to prove to anyone that you are “Cal material.”

Health Insurance Q&A

What is Health Insurance?

Health insurance is a plan that you purchase. If you get sick, the plan will pay for all or part of your medical bills.

All Cal students must have health insurance. Most students purchase the Student Health Insurance Plan (SHIP).

SHIP uses these health insurance companies:

- Wellfleet— physical and mental health
- VSP – eye health
- MetLife – dental health

You will receive these cards in the mail or you can print them online.

Insurance Requirements

Maintaining health insurance is a university requirement until graduation.

Federal immigration regulations require J-1/J-2 students to maintain proper health insurance meeting specific requirements throughout their J program, including period of post-completion employment.

What If I Don't Have Health Insurance?

If you get sick, you will have to pay full price for your doctor and hospital visits. These prices are often extremely high.

Find your health insurance benefits and find care that will be covered by SHIP at <https://uhs.berkeley.edu/ship>.

SHIP Updates and Accessing Care

Insurance and getting care easier wherever you may be including no referrals needed for medical and mental health care.

Don't Lose Money!

For non-emergencies, go to the Tang Center first.

If doctors think you need further treatment from a specialist outside of the Tang Center, they will give you an authorization or **referral** to that specialist.

Can you just go directly to a specialist without going to the Tang Center first?

Yes, but you will probably have to pay full price. SHIP will probably not cover these visits.

SHIP Waiver

International students studying in their home country were eligible to apply for a waiver of SHIP insurance if they had national healthcare. Deadline without a late fee has passed (January 1).
