OPT STEM Extension Eligibility

Requirements:

• You must be a recipient of a U.S. Bachelor’s, Master’s or Doctoral degree in a STEM (science, technology, engineering, or math) designated degree program. See this list of STEM Majors. (You can check the CIP code listed on your I-20.)
• You are currently authorized for 12-month OPT and have not exceeded 90 days of unemployment.
• Can apply based on any previous STEM degree from an SEVP, accredited U.S. institution within the last 10 years
• Employed or have a job offer related to your field of study from an employer who is registered in the USCIS E-Verify Program. Must complete Form I-983 with employer and all employers must have an EIN number.
• Your employer can work with you to fully complete the Form I-983 and abide by all employer obligations, including Dept. of Homeland Security Site visits.
• You are applying no more than 90 days before your 12-month OPT expires and no later than the expiration of your 12-month OPT.

Two 24-month STEM extensions may be granted per lifetime.
Types of Allowable Employment

• Volunteer/Unpaid positions and self employment are NOT supported by the 24-Month OPT STEM Extension.

• **STEM-eligible employers** must have e-Verify & EIN numbers and the student must have a "bona fide employer-employee relationship".

• If a student uses a temporary or staffing agency to place them in a training opportunity, the agency cannot complete and sign the Form I-983. Only the E-verified employer that provides the actual training relevant to the student’s qualifying STEM degree is authorized to sign and complete the Form I-983.

• If a student uses a temporary agency that places them in short-term training opportunities with several different employers, the student will need to complete a new Form I-983 for every new training opportunity with each employer.
Application Process Overview

Complete I-983: Update SSU

1. Request OPT STEM I-20 from Berkeley International Office.

   In most cases we recommend beginning the OPT STEM application process 90 days before the expiration of your 12-month OPT period. The I-20 will be ready for pick up 5 business days after submitting the [OPT 24 Month STEM application](#) and all supporting documents to Berkeley International Office. Arrangements can be made to send you the new I-20 by mail. Please allow enough time for mailing USCIS must receive your application within 60 days of BIO recommending you, which is the date on the school attestation section of your I-20.

2. Prepare, collect & mail your application materials to USCIS.

   Allow approximately 1 week to gather and organize your materials for mailing. A complete application must be received by USCIS before the end date of your current OPT as noted on the EAD card. You must be in the United States to file the OPT STEM application with USCIS.

   Average processing time at the United States Citizenship and Immigrations Services (USCIS) is 90 days. However, you may continue to work on OPT for up to 180 days while the STEM application is pending.

4. Maintain your F-1 status while on OPT STEM Extension.

   You must report general address and employer updates to Berkeley International Office within 10 days of any change. 24 Month STEM Extension students must also submit a validation report every six months and training evaluations each 12 months. Find information about STEM Reporting [here](#). Your I-20 travel endorsement is valid for only 6 months while on OPT STEM. Failure to provide timely updates may result in termination of the F-1 record.
OPT STEM Application Timeline: (Example: July 9 12-month OPT end date)

Step 1: Request your OPT I-20

- Submit STEM OPT request form to BIO as early as 90 days before OPT ends

You may continue to work on OPT for up to 180 days after your OPT expires while the STEM application is pending
Step 1: Complete Form I-983

The formal training plan must clearly articulate the OPT STEM learning objectives and affirm the employer’s commitment to helping you achieve those objectives. To fulfill this requirement, you and your employer must complete and sign Form I-983 and then submit pages 1-4 to BIO.

The following slides provide specific details regarding the I-983; please confirm your application follows the requirements, even if your employer plans to prepare the form on your behalf.

The CIP code is a 6-digit code (XX.XXXX) found on your I-20
- Page 1 if I-20 issued on/after 6/26/2015
- Page 3 if I-20 issued before 6/26/15

What are CIP Codes? Classification of Instructional Programs (CIP) codes are published by the National Center for Education Statistics (NCES) & are used by SEVIS to designate a student’s major. Your CIP code determines whether your major has been designated as a STEM degree.

Example: Computer Science, 11.0701

If your STEM degree is listed on your UC Berkeley I-20, check “no.”

Check “yes” ONLY if your STEM degree is NOT the degree listed on your UC Berkeley 12-Month OPT I-20.

Complete Form I-983

For detailed tutorial on completing the rest of the I-983, see: https://studyinthestates.dhs.gov/form-i-983-overview

Pages 3-4 contain the details of the required Training Plan to be determined by you and your employer. To avoid rejection of your application, think carefully about each question and answer fully and completely. Imagine this is an essay exam to be graded- have you and your employer addressed all parts of each question, clearly and specifically?

Other points for consideration:

• We do not accept electronic signatures on the I-983. Please obtain handwritten signatures.
• Please ensure all responses are visible and upload a corrected I-983. (fillable PDF cuts off. If you don’t have enough room, please submit an attachment.)
Step 2: Update SSU

Log in to the Student SEVIS Update (SSU) system DIRECTLY BEFORE you submit your STEM application to BIO. (Most processing delays are due to failure to update all new required fields in SSU.)

You must:

1. Update your current address/email/phone
2. Update all current & previous OPT employment
4. Upload a copy of your OPT EAD

See next slide for instructions...
Step 2: Update SSU (Add/Edit Employer)

Applying for Your 24-Month STEM Extension?

**Note:** Eligible students may apply for STEM OPT no more than 90 days prior to the end date of their EAD.

Read carefully before selecting the option below:
You may use this form to start your application for STEM OPT. Please ONLY select the box below IF you are starting your STEM OPT application with this employer and you are ready to start your STEM application today. Checking the box will require additional steps that are required only for a STEM Application.

Make sure you have reviewed our [24-Month STEM Extension Tutorial](#) for instructions and details about applying for STEM.

- [ ] I am applying for my 24-Month OPT STEM Extension with THIS employer and I would like to start my STEM application today.
Step 2: Update SSU (Add/Edit Employer)

Address Street 1 should NOT contain the suite or office number. Please enter that in the field Address Street 2.
Step 2: Update SSU (Add/Edit Employer)

For your STEM employer, please also complete sections 13-18. This information is required for STEM reporting.

**Employer’s E-Verify Company Identification Number:** Your employer should be able to provide you with this information. More information about the E-Verify program at [http://www.uscis.gov/e-verify](http://www.uscis.gov/e-verify)

**Employer Identification Number:** Your employer should be able to provide you with this information.

**Company Official Information:** This should match the information you listed on I-983 form section 5.

On the next pages, you will be asked to upload your EAD card (if you haven’t already) and upload your I-983.
Step 2: Update SSU (Upload I-983 & EAD)

Passport Photo Requirements

The photos required to use for the OPT application must meet the specifications of U.S. style passport photos. To see a full description of these specifications, go to the U.S. Department of State website.

• Submit 2 identical color passport photos taken within 30 days of filing your application. The photos must have a white to off-white background, be printed on thin paper with a glossy finish, and be unmounted and unretouched. The passport-style photos must be 2” by 2”. You must remove your glasses and your head must be bare unless you are wearing headwear as required by a religious order of which you are a member.

• Using pencil or felt pen, lightly print your name and I-94 number on the back of the photo. Do not damage the photo surface by pressing hard while writing.

Professional Photography

USCIS has been examining passport photos more strictly. BIO recommends students have their photos taken professionally. Recently, students have been visiting the following locations to obtain their photos.

Metro Publishing
2440 Bancroft Way
Berkeley, CA 94704
http://www.yelp.com/biz/metro-publishing-berkeley

Foto Shop
131 Berkeley Sq
Berkeley, CA 94704
http://www.yelp.com/biz/foto-shop-berkeley
Step 2: Prepare and Mail the OPT Application

Gather the required documentation

Check, Money Order, or Credit Card:

- **USCIS Payment Methods:** Check/Money Order or Credit Card Payment for **$410**.

- **Check/Money Order** should be made payable to "U.S. Department of Homeland Security" with SEVIS number in the memo line. Money orders can be purchased at banks, post office, and some local grocery stores. Make sure a name and address are printed on the check. If the address has changed, that is fine.

  ✓ Do not use “temporary checks” often issued by the bank when opening a new account. These checks have no name or address in the upper left hand corner.

- **For Credit Card** payment, submit form **G-1450**, authorized payment amount $410.

Money orders and cashier checks should include the same information as a personal check.
Gather the required documentation

Form I-765

Download the I-765 form from the USCIS web site. **Important:** Use the most current version. It is best to download it just before mailing the application since USCIS updates it frequently.

Complete form by typing answers into the PDF or printing legibly in black. Answer all questions fully and accurately. State that an item is not applicable with “N/A.” If the answer is none, write “None.”

Completing the I-765 is simple, but some parts can be confusing. The following slides will help you complete those “tricky” questions.
Complete the Form I-765

**Top Portion:** Check the box for “Renewal of my permission to accept employment.”

**#1 Name:** Your entire family name should be in CAPITAL letters. Use upper & lower case for the first name.

**#2 Other Names Used:** Enter your previous names. If none, write “None.”

**#3 Address in the United States:** This is where you would like the Receipt Notice and the EAD card to be mailed.

- The address needs to be valid for at least 3 months, the length of time it will take to process the application.
- **DO NOT USE THE C/O NOTATION IF YOU USE YOUR OWN ADDRESS.** If you have plans to move during this time, use a reliable friend or family member’s address to receive the EAD. If your name is not registered at the address, you must use the C/O notation and the name of the friend or family member who lives at the address to ensure delivery. If you fail to use this notation, the card may be returned to the Service Center as undeliverable.

*If the address listed is outside of California, please pay attention to the special mailing instructions later in the tutorial.*

I-797 Notice of Action

You should receive the notice by mail within 2-4 weeks after mailing the OPT application to USCIS.

- **The I-797 is very important.**
  If you lose the receipt, there is no way to replace it.

- **The I-797 is necessary if you want to:**
  1) inquire about the status of your STEM OPT application.
  2) travel outside the U.S when your STEM OPT is pending.

**Receipt Number**
The case number for the STEM OPT application at USCIS. Check the status of the case on the USCIS web site at https://www.uscis.gov

**Received Date**
Date when USCIS begins processing the application. (It may not be the actual the application was received, but it is when the case was entered into the system.)

**Address Information**
Verify your name, date of birth, and address on the I-765 receipt notice. If incorrect, contact BIO immediately.

**Contacting USCIS**
If you have any problems or questions with the OPT application, contact a BIO advisor before calling the USCIS Customer Service. You can also use the [USCIS.gov Case Status] page to change your I-765 mailing address or submit a case inquiry.
If there is a problem with your application...

- If there is a problem with your application, the USCIS will send you a notice by mail called a “Request for Evidence (RFE).” An RFE does not mean that your application has been rejected. It simply means that you need to send in additional documents before your EAD can be issued.

- Getting an RFE will delay the processing of your application -- usually by about one month.

- In some cases, if too many items are missing from your application, the USCIS will return the entire application to you. If this happens, you must make the corrections and send the application before the end date of your 60-day grace period.

To avoid delays, review your application materials for completeness and sign all the forms before mailing them to the USCIS.

**Average processing time at USCIS is 90 days/3 months.**

While waiting, keep these things in mind.

- Your F-1 status & employment authorization will be **automatically extended** for up to 180 days while your OPT STEM application is pending. You may work during this time.
- A change in employment will require a new BIO 24-Month STEM request AND a new I-983 with the new employer.
- You must work full time in your field of study while on your OPT STEM Extension.
- You may accumulate up to 150 days of unemployment on OPT STEM inclusive of any time used during 12-month OPT.
- If you decide to return to school as a full-time student, you must request a [transfer or a change of level from Berkeley International Office](https://io.berkeley.edu) within 60 days of your EAD expiration date.

**Step 3: Receive the Employment Authorization Document (EAD)**

- Review card to make sure the information is accurate. If not, contact a BIO advisor.
- Present your EAD to employers as proof of your legal work authorization in the US.
- The EAD is a required document for entry to the US during STEM OPT (refer to slide ####).
- Upload a copy of your EAD card at [io.berkeley.edu/ssu](http://io.berkeley.edu/ssu)
Step 6: STEM Reporting Requirements
1. Reporting Requirements

- You must report any changes to your employment, address, and/or name within 10 days.
- Complete 6 Month validation with BIO.
- Report Material Changes to your I-983 to BIO within 10 days.
- Annual Evaluation of Student Progress due at 12 and 24 Months

See STEM Reporting Requirements for instructions on how to submit updates, validations, & evaluations

   • Upload the Final Evaluation from I-983 page 5 for your previous employer.

2) Submit a new OPT 24-Month STEM Extension request to Berkeley International Office by email to internationaloffice@berkeley.edu or in person- no fee required.

• Any reduction in your compensation that is not tied to a reduction in hours worked.

• Any significant decrease in hours per week that you engage in a STEM training opportunity.

• Changes to the employer’s commitments or your learning objectives as documented on the Form I-983.

• Updated Material Changes via a revised I-983 needs to be submitted to BIO within 10 business days.
6-Month Validation

• STEM OPT students must submit a validation report to BIO every six months starting from the date the 24-month extension begins and ending when the student's F-1 status ends.

• 3 validations in total over 24-month OPT STEM Extension time.

• Your F-1 record may be terminated if you fail to report each 6 months.

• Check your STEM start date and mark your calendar for each 6 month interval of your STEM Extension for your reporting deadlines. (Example: Your STEM Extension Starts January 1, 2017. You must submit 6 month validations on July 1, 2017, on January 1, 2018, on July 1 2018 and on Jan 1, 2019.)

• Be sure to check email reminders from BIO
Annual Evaluation

• You must submit Form I-983 page 5 “Evaluation of Student Progress” to BIO each 12 months and/or any time you leave an employer.

• Your employer must review and sign the self evaluation to attest to the accuracy.

• Your F-1 record may be terminated if you fail to submit your evaluations.

• Check your STEM start date and mark your calendar for each 12 month interval of your STEM Extension for your reporting deadlines. (Example: Your STEM Extension Starts January 1, 2017. You must submit an annual evaluation January 1, 2018, and a final evaluation by January 1, 2019)

• Be sure to check email reminders from BIO

• If you received a 7-Month Extension of your previous 17-Month STEM Extension, your annual reporting timeline begins from the date USCIS received your 24 Month STEM request for the additional 7 months. (You will report one year from that date, and at the end of the STEM period.)
Frequently Asked Questions (FAQs)

About Employment

What is considered full-time employment on the 24-month OPT STEM Extension? Students must work at least 20 hours per week for an E-Verify employer in a position directly related to the STEM degree, following the goals and objectives stated in the I-983 training plan.

I have two part-time jobs. One of the employers is enrolled in E-Verify but the other is not. Is this allowed? No, only full time employment is allowed at your STEM-eligible E-Verify registered employer.

How many days of unemployment am I allowed while on the 24-month STEM Extension? Students who receive a 24-month OPT STEM extension are given an additional 60 days of unemployment for a total of 150 days over their entire post-completion OPT period. (17-24-Month Transition students with a 17-month Extension who request an additional 7 months of OPT have 120 days of unemployment until the final approval of the 24-Month Extension EAD. Once the EAD is approved, you can claim the 24-Month 150-day unemployment.)

What counts as unemployment? Each day during the period when OPT authorization begins and ends that the student does not have qualifying employment counts as a day of unemployment.

Can I continue to work while my 24-month STEM Extension OPT is pending? If a student’s EAD expires while the STEM Extension application is pending, the student is authorized to work until USCIS makes a decision about the application, but not more than 180 days from the date the student’s initial OPT EAD expires.

What documents should I present to my employer once my 12-month OPT expires and my OPT STEM is pending? The student should present the employer with the expired EAD card, the form I-20 recommending the student for STEM Extension, and proof of the timely filing with USCIS.

Can I change STEM employers after my STEM EAD is approved? Yes, see our OPT Reporting page for instructions on submitting a request to change employers.

Can I switch employers while my OPT STEM application is pending? Yes, but we do NOT recommend this. We recommend changing employers after the EAD is approved, if possible. Please contact BIO for instructions regarding how to change employers while your application is pending.
## Frequently Asked Questions (FAQs)

### About Travel & Re-entry

**Can I travel outside the US during my approved OPT STEM period?**
Yes. However, if the student whose approved period of OPT has started travels outside of the US while unemployed, the time spent outside the United States will count as unemployment against the 90/150-day limits. See the [OPT Travel page](#) for required documents.

*If a student travels while employed either during a period of leave authorized by an employer or as part of their employment, the time spent outside the US will not count as unemployment.*

**Can I travel outside the US while my 24-month STEM Extension OPT is pending?**
Yes, travel while your OPT STEM application is pending is allowed if you have a valid F-1 visa and I-20 signed within the past 6 months. You should travel with a copy of your I-797 receipt notice and proof of your STEM employment. See the [OPT Travel page](#) for required documents.

**Can I renew my visa while on OPT STEM?**
Yes, you are eligible to renew your visa while on OPT STEM. Remember, that you are still applying for an F-1 non-immigrant visa which means you must demonstrate ties to your home country. See [Applying for a Visa](#) for a complete list of documents and advice on renewing the visa during OPT STEM and feel free to discuss your concerns with an advisor. Be advised that you MUST have an approved STEM EAD to apply for a new visa.

**What documents do I need to re-enter the U.S.?**
If you are eligible for travel, you will need:

- A valid passport with unexpired F-1 visa stamp (if applicable)
- Form I-20, signed on page 2 by an International Student Advisor at Berkeley International Office within the last 6 months
- Unexpired EAD Card.
- Proof of employment (or employment offer)
Important Information on Travel

• Avoid long absences from the US during the STEM OPT period. Time spent outside of the US while unemployed by a U.S. employer counts toward your 90 days of unemployment.
• Attempting to re-enter the U.S. close to the expiration date of your OPT can be risky.
• You must not enter the U.S. in a status other than F-1. This may result in the loss of your OPT eligibility.

Travel while STEM OPT is pending, But Before STEM OPT Card is received

• There is a higher risk associated with travel and return while your OPT is pending after the program completion date. If there are any problems with your application, you may not be able to respond to USCIS in a timely manner, which could delay processing of your EAD.
• If your OPT application is denied while outside the US, you will not be able to re-enter the US in F-1 status and will not be able to reapply.
4. Applying for an F-1 Visa on OPT

If you are traveling abroad and your F-1 visa has expired, you must obtain a new F-1 visa before returning to the U.S. When going to your visa interview, bring the documents below. For more information, visit: http://internationaloffice.berkeley.edu/visa_application

1. Valid passport (at least 6 months in the future)

2. Valid STEM I-20 with travel endorsement from a Berkeley International Office advisor within the past 6 months

3. STEM EAD Card

4. Job offer in field of study

5. Evidence of sufficient funds (e.g. a bank statement, a letter from a sponsor or a job offer letter)

Check the U.S. Department of State web site for more information about getting a visa and specific requirements at the local embassy or consulate at www.travel.state.gov
